Photos from Shailen Bhandare who wrote:

Here are a few more examples of 'Dar al-Fulus Allahabad' (all from Ashmolean collection, weight range 8.5-9.5 gms) - the first image is very similar in type/style to 'Dar al-Fulus Muhammadabad' coins. The second retains the 'Badshah Ghazi' legend on obv, but has a different arrangement on reverse with fish symbol and RY2X added. The type sold in Todywalla Auctions follows these two types and is the last type of Awadh issues at Allahabad.
